ADDRESSING ORDINANCE

March 15, 1997

Amended June 4, 2013 | Amended June 5, 2018

Amended June 10, 2025

Section 1. Purpose:

The purpose of this Ordinance is to enhance the effective and rapid location of properties by public safety personnel including: law enforcement, fire, rescue, and emergency medical services personnel in the Town of Raymond.

Section 2. Authority:

This Ordinance is adopted pursuant to and consistent with the Municipal Home Rule Powers as provided for in Article VIII, Part 2, Section 1 of the Constitution of the State of Maine and Title 30-A M.R.S.A. Section 3001.

Section 3. Administration:

This Ordinance shall be administered by the Board of Selectmen, Town Manager, and E911 Coordinator. The Board of Selectmen is authorized to and shall assign road names and numbers to all properties, both on existing and proposed roads, in accordance with the criteria in Section 4 and 5. The E911 Coordinator shall also be responsible for assigning the E-911 address for the building in compliance with State of Maine E-911 directives, and shall maintain the following records of this Ordinance:

- A. A Raymond map of official use showing road names and numbers;
- B. An alphabetical list of all property owners as identified by current assessment records, by last name, showing the assigned numbers;
- C. An alphabetical list of all roads with property owners listed in order of their assigned numbers.

Section 4. Naming System:

All roads that serve two or more properties shall be named regardless of whether the ownership of the road is public or private. A “road” refers to any highway, road, street, avenue, lane, private way, or similar paved, gravel or dirt thoroughfare. “Property” refers to any property on which more or less a permanent structure has been erected. A road name assigned by the Town of Raymond shall not constitute or imply acceptance of the road as a public way.

The following criteria shall govern the naming system:

- A. No two roads shall be given the same name (e.g. no Pine Street and Pine Lane);
- B. No two roads shall have similar-sounding names (e.g. no Woodlawn Avenue and Woodland Street).

- C. Each road shall have the same name throughout its entire length, except, when authorized by the Board of Selectmen, the name may change at a significant landmark or intersection.

Section 5. Numbering System:

Numbers shall be assigned every fifty (50) to two hundred (200) feet, depending on density and geographic location (e.g. 50 feet in Village areas and up to 200 feet in rural areas), along both sides of the road, with even numbers appearing on the left side of the road and odd numbers appearing on the right side of the road, determined by the number origin.

The following criteria shall govern the numbering system:

- A. All number origins shall begin from Roosevelt Trail or that end of the road closest to Roosevelt Trail. For dead end roads, numbering shall originate at the intersection of the adjacent road and terminate at the dead end.
- B. The number assigned to each structure shall be that of the numbered interval falling closest to the front door. If the front door cannot be seen from the main road, the number shall be that of the interval falling closest to the driveway of said structure.
- C. Every structure with more than one principal use or occupancy shall have a separate number for each use or occupancy. (i.e. duplexes will have two separate numbers; apartments will have one road number with an apartment number, such as 235 Maple Street, Apt. 2).

Section 6. Compliance:

All owners of structures shall, by the date stipulated in Section 8, display and maintain in a conspicuous place on said structure, the assigned numbers in the following manner:

- A. Number on the structure or residence: Where the residence or structure is located and clearly visible within 50 (fifty) feet of the edge of the road right-of-way, the assigned number shall be displayed on the front of the residence or structure near the front door or entry; The E-911 address shall be minimum of 4-inches, shall be visible from both approach directions on the street, and located to be clearly visible from within the fire apparatus or emergency vehicle cab.
- B. Number at the street line: Where the residence or structure is over fifty (50) feet from the edge of the road right-of-way, the assigned number shall be displayed on a post, fence, wall, the mail box (when such mailbox is located on the same side of the street where the principal structure is located), or on some structure at the property line next to the walk or access drive to the residence or structure. The E-911 address shall be visible from both approach directions on the street and located to be clearly visible from within the fire apparatus cab.
- C. Size and color of number: Numbers shall be at least 4-inches in height, contrasting color to the background, and shall be located to be visible from the road on a permanent structure,

post or mailbox. The number should be high enough so that snow does not obstruct it in the winter months.

The street address shall be installed on each building or dwelling unit; it shall be visible from both approach directions on the street and located to be clearly visible from within the fire apparatus or emergency vehicle cab. The street address lettering shall be no less than 4" in height, shall be of a contrasting color to the sign background, and preferably the numbers/letters should be reflective for night or reduced light conditions. Buildings with multiple units shall install unit numbers in accordance with Maine E911 requirements.

- D. Every person whose duty is to display the assigned number shall remove any different number that might be mistaken for, or confused with, the number assigned in conformance with this Ordinance. (Note: Historic dates identifying when the property was established or the structure was built shall be exempt from the section. Careful consideration of clear distinction between a historical date and the physical address numbers shall be made by the property owner.)
- E. Interior location: All residents and other occupants are requested to post the assigned number and road name next to their telephone for emergency reference.
- F. The Fire/Rescue Department shall receive notification from the Code Enforcement Officer whenever a Certificate of Occupancy is issued in the Town of Raymond.

Section 7. New Construction and Subdivisions:

All new construction and subdivision shall be named and numbered in accordance with the provisions of this Ordinance and as follows:

- A. New Construction: Whenever any residence or other structure is constructed or developed, it shall be the duty of the new owner to obtain an assigned number from the Raymond E-911 Coordinator. This shall be done at the time of the issuance of the building permit.
- B. New Subdivisions: Any prospective sub-divider shall show a proposed road name and lot numbering system of the pre-application submission to the Planning Board. Approval by the Planning Board, after consultation with the Board of Selectmen, shall constitute the assignment of the road names and numbers to the lots in the subdivision. E-911 street name and addresses for each lot shall be noted on the Planning Board approved final plans as assigned by the Town of Raymond; E911 Coordinator. The street address shall be installed for each unit, to be visible from both approach directions on the proposed street, and located to be clearly visible from within the fire apparatus or emergency vehicle cab.

On the final plan showing proposed roads, the applicant shall mark on the plan, lines or dots, in the center of the streets every fifty (50) feet to aid in the assignment of numbers to structures subsequently constructed.

Section 8. Effective Date:

This Ordinance shall become effective as of January 1, 1998. It shall be the duty of the Board of Selectmen to notify by mail each property owner and the Post Office of a new address at least thirty (30) days before the effective date of its use. It shall be the duty of each property owner to comply with this Ordinance, including the posting of new property numbers, within thirty (30) days following notification. On new structures, numbering will be installed before final inspection or when the structure is first used or occupied, whichever comes first.

Section 9. Enforcement:

- a) PENALTY FOR VIOLATION: Any person who violates the provisions of this Ordinance after written notice of violation from the Code Enforcement Officer commits a civil violation punishable by a penalty of not less than \$50.00/day and not more than \$500.00 total to be recovered by the Town of Raymond. Each day such violation continues shall constitute a separate violation.

- (d) When the Board denies a license, written notice of the decision shall be provided to the applicant within ten days thereof, which shall set forth the reasons for the denial. The licensee shall receive written notice in the same manner of any conditions imposed upon the license whenever conditions are imposed, and any such conditions shall be noted on the license records maintained by the Town Clerk.

Sec. 5. - Effective date; payment of full fee required.

- (a) A license issued pursuant to this Ordinance shall be effective as of the date issued or as of the date payment of the appropriate license fee is received by the Town Clerk, whichever is later.

- (b) A licensee must pass a fire and safety inspection and be in compliance with all applicable building codes.

The term "cause" shall mean the violation of any license condition, any section of this Ordinance, any condition constituting a threat to the public health or safety, or the revocation or suspension of any state or local license that is a condition precedent to the issuance of a license pursuant to this Ordinance. The term "cause" shall also include any of the grounds for denying a license application under Section 4. Licenses may be temporarily suspended by the Board, without prior notice and hearing if, in the judgment of the Code Enforcement Officer, the Town Manager, or the Board, the continued operation of the licensed business constitutes an immediate and substantial threat to the public health and safety, provided the licensee receives written notification of the suspension and the reasons therefore, prior to its taking effect, and a hearing is scheduled as soon as possible thereafter.

Sec. 8. - Violation and Penalties.

- (a) Any person who operates or conducts any business for which a license is required under this Ordinance without first obtaining such license commits a civil violation and shall be subject to a fine not to exceed \$100.00 for the first day the offense occurs. The second day the offense occurs, the fine amount shall not exceed \$250.00. The third day and

subsequent days thereafter, the fine amount shall not exceed \$500.00. Each day such violation continues shall be considered a separate violation.

- (b) All fines shall be recovered upon complaint for use by the Town and shall be placed in the town treasury.

Sec. 9. - Enforcement.

- A. Upon receipt of such Notice of Intent, the Clerk shall prepare and issue petition forms within three (3) business days to the person designated under Section 1 to receive notices. The petition forms prepared by the Clerk shall comply with the requirements of state and local law. Petition forms may be circulated by any registered voter of the Town of Raymond. The forms must include:
 - B. At the top of the form, the name and position of the official subject to recall, the name and contact information of the initiator of the petition and the date by which the signatures must be submitted to the municipal clerk as outlined under Section 3.
 - C. Spaces for each voter's signature, actual street address and printed name; and

The Clerk shall make a notation on the first page of the petition of the date and time of the filing.
- F. If the deadline for filing the petitions falls on a Saturday, Sunday, or a holiday on which the Clerk's office is closed, the deadline for filing the petition is extended to the next day during which the Clerk's office is open for business.

Section 3. Collection and Submission of Signatures:

A petition form, as defined under Section 2, may be circulated or signed only by a registered voter of the Town of Raymond. A circulator of the petition form shall fill in the information required under Section 2, paragraph C and sign the form in front of a notary public or attorney prior to the submission of the form(s) or in front of the Clerk. The initiator of the petition, described under Section 1, shall collect the petition forms from all the circulators and submit the signed petition forms to the Town Clerk within 30 days of receipt of notice from the Clerk that the petition forms were available, see Section 2. Under Section 2, the Clerk may not accept a petition form submitted more than 30 days after sending notice of availability to the initiator, and any voter signatures on any such late form are invalid.

Section 4. Petition Certification and Notification:

For the forms submitted within 30 days after the date the Clerk issued the petition forms, the Clerk shall review the petition pursuant to Section 2. In making those determinations, the Clerk shall apply the following criteria:

1. If any individual petition form fails to comply with the requirements of Section 904, that particular petition form is invalid and signatures cannot be used.
2. If the affidavit of the circulator on any individual petition form has been altered or tampered with in any way, that particular petition form is invalid and signatures cannot be used.
3. If any voter has signed more than one petition form, that voter's name shall be counted only once.

If the Clerk determines that the petition is sufficient and contains the signatures of a number of registered voters of the Town equal to at least 10% of the number of votes cast in Raymond in the last gubernatorial election, the Clerk shall so certify the petition and immediately give written notice of the validity to the Board of Selectmen in writing and to the official sought to be recalled.

If the Town Clerk finds that the number of valid signatures submitted, as described under Section 3 does not meet the requirements for a petition per Section 4, the Town Clerk shall file the petition and the petition forms in the Clerk's Office and notify the initiator of the petition that the petition is insufficient but may be amended within 5 business days (days when the Town Clerk's office is normally open for business). After the date of such notice the circulator may file additional, supplementary petition forms, which shall be issued, circulated and filed in the same manner as the original petition. Supplementary petition forms shall be returned no later than 14 business days from date of notice. The Clerk shall review them in the same manner as the Clerk reviews an original petition. If the Clerk finds that the petition is still insufficient, the Clerk shall notify the Board of Selectmen, the initiator, and the official sought to be recalled in writing of that determination within 5 business days. That determination by the Clerk shall not prevent the filing of a new petition for the same purpose.

Upon receipt of notice of determination, the official sought to be recalled may submit his or her resignation in writing to the Board of Selectmen, as applicable, in which case the position shall

become vacant as of the date of the written resignation and shall be filled pursuant to Section 9, as applicable.

Section 5.

If the official sought to be recalled does not resign from the office within 10 business days of receiving the certification of petition pursuant to Section 4, the Board of Selectmen shall proceed to call and conduct a recall election to determine if the official should be recalled. Upon receipt of the certification of sufficiency and validity from the Clerk, the Board of Selectmen shall call a public hearing to be held within 30 days of the date of the Clerk's certification. Notice of the public hearing shall be given in the same fashion as notice of proposed ordinances.

After the public hearing, the election must be held no less than 45 days nor more than 85 days after certification of the petition per Section 4 unless a regular municipal election is scheduled within 90 days of the certification of the petition, in which case the recall election must be held on the date of the regular municipal election. If the Board of Selectmen fail to schedule a public hearing and/or recall election within 15 days of the certification of the petition, the Town Clerk shall schedule either pursuant to the date requirements of this section.

Section 6. Ballots for Recall Election:

The ballot question for a recall election shall be substantially as follows:

Section 7. Results of Recall Election:

Within 2 business days of the recall election, described under Section 5, the Town Clerk shall certify and record the election results and notify the Board of Selectmen of those results. If a majority of the voters voting in the recall election vote in the affirmative, the official shall be recalled effective the date of the results provided that the total number of votes cast for and against the question exceeds the number of registered voters of the Town equal to at least 10% of the number of votes cast in Raymond in the last gubernatorial election.

Section 8.

An official sought to be recalled and who has not resigned pursuant to Section 4 shall continue to perform the duties of the office until the Board of Selectmen certifies the results of the recall election. After the results have been certified by the Board of Selectmen, the Clerk must prepare and call a special election within 30-45 days of that certification if there is not already a regularly scheduled election within 90 days of certification unless the conditions are met described under Section 10.
